

WELCOME TO
 ONLINE

WHAT WE LEARNED FROM CURRENT STATE OF MODERN BEHAVIOR

As time's changed, technology evolved, has helped and change the way humans live their lives.

Many people spend their time in cyberspace. Like watching YouTube videos, scrolling Instagram, TikTok, Twitter, Facebook, working, online meetings, listening to music, and playing games.

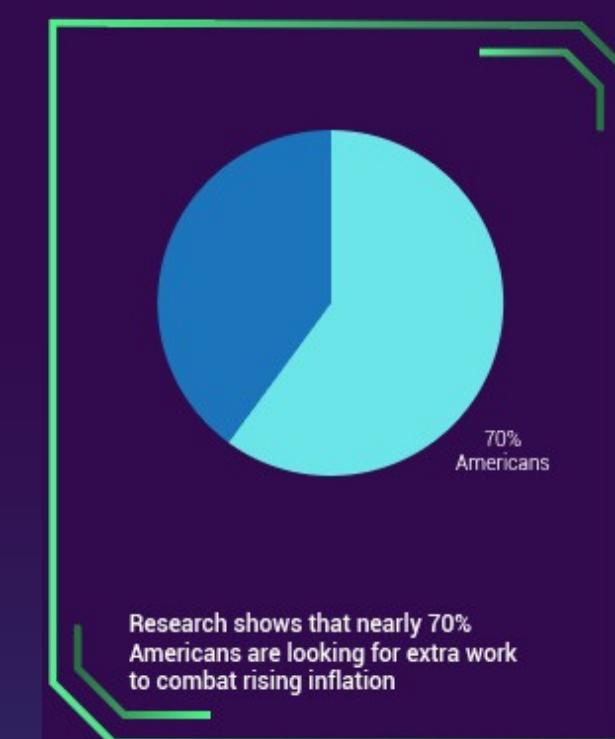

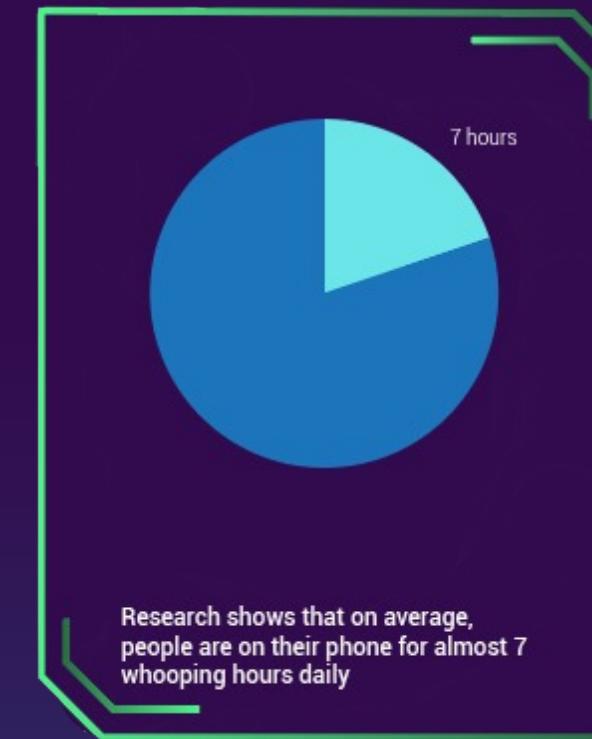

ALL ABOUT ONLINE.
WE NEED TO BE ONLINE.

So we feel challenged, why not create a platform where you can make money just by being online. Easy to do, easy money.

LET'S LOOK AT THE DATA

We collect data according to the observations and research
that has been done

LEVERAGING THE CIRCUMSTANCES

1. We've created a way for you to earn money while doing what you've already been doing all these times
2. All you need is what most of you probably already have at the moment : Your phone
3. Time flexibility to earn. You do you

WE PRESENT ONLINE

Make your life easier by doing
what you do.

GOALS

VISION

Boost Your Economy

By leveraging your precious time online while doing what you do every single day.

MISSION

Build Ecosystem

Focus ourselves on building the mechanisms, app, tokenomic, wallet which in turn create entire working ecosystem.

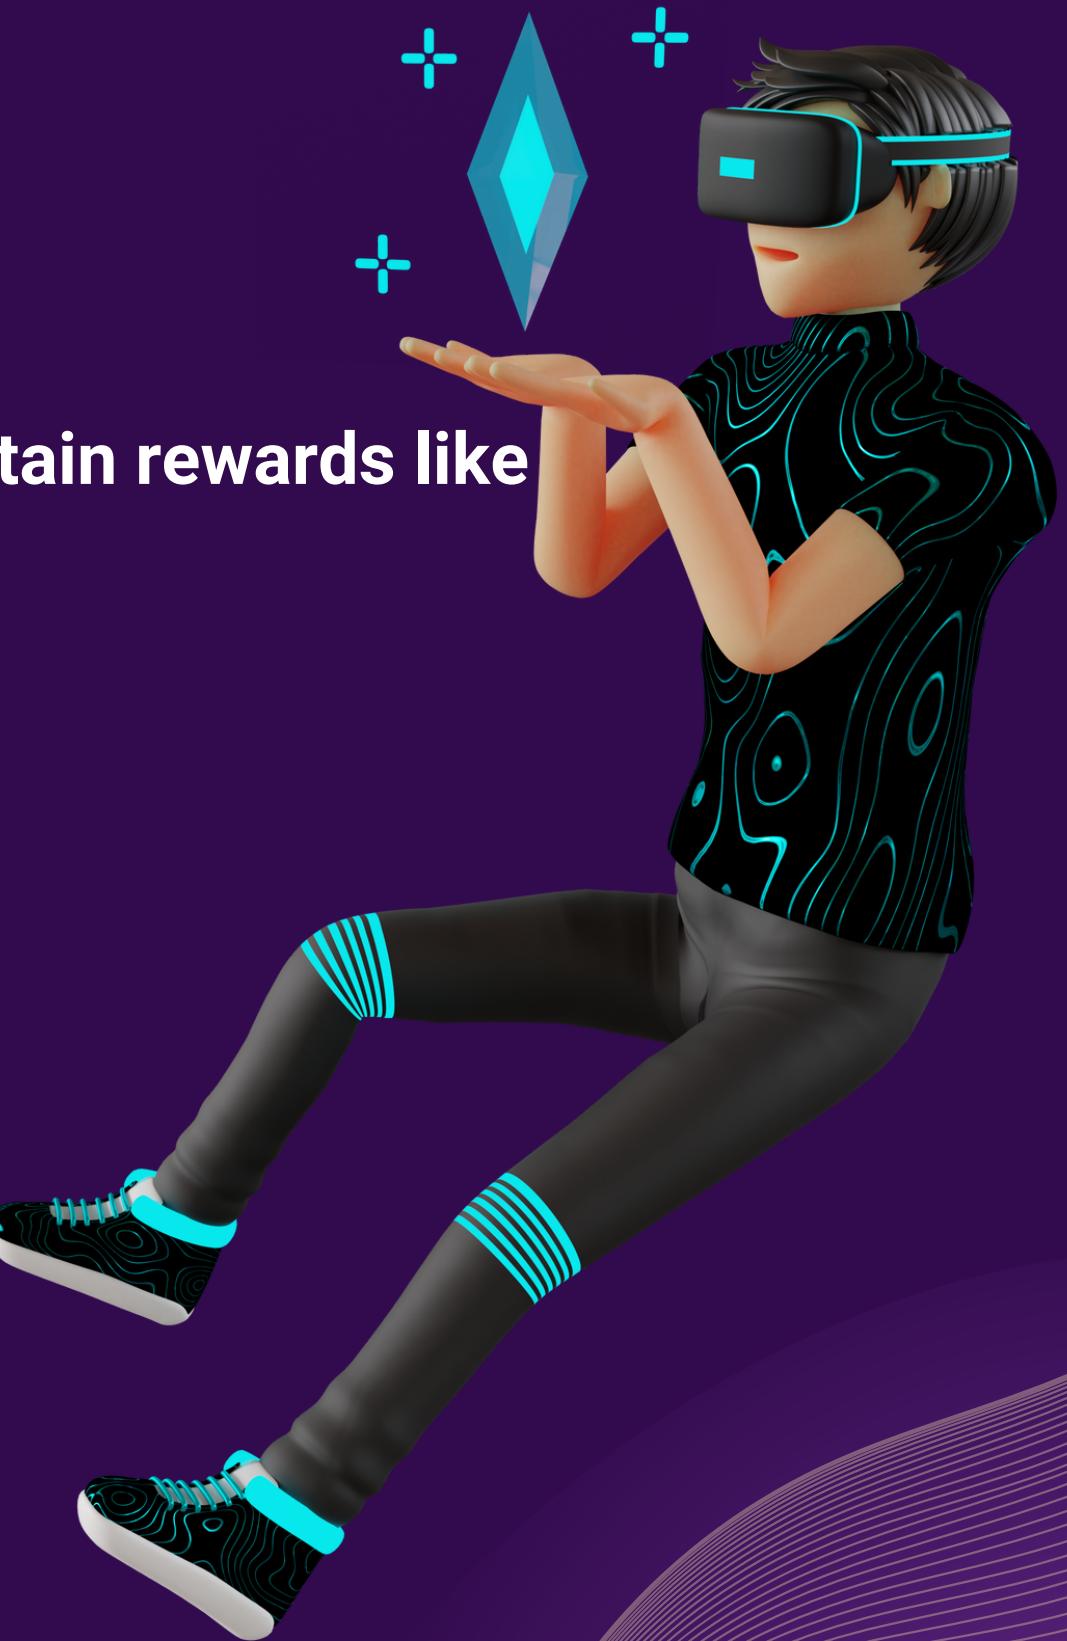

\$ONLINE FUNDAMENTAL

1. ONLINE is designed to cater massive userbase throughout the world with the project core model not requiring users to purchase or even do much of anything in order to earn
2. By combining interesting mechanism such as raffle with interesting rewards, games to grant users chances to win amazing rewards and compete with friends, great merchandise from our partnered merchants, ONLINE will become a revolutionary movement that take users from web2.0 to web3.0 and way beyond
3. Onlinebase will deploy on zKSync Era , because we believe hyperscalability , security and UX of zKSync is the essential part to match our need to onboard massive userbase to web3

TOKEN UTILITY

1. Stake and get special APR on \$ONLINE
2. Staking Tiers (Common/Pro/Pro+) for weekly raffle for a chance to obtain rewards like
 1. Top 10 marketcap crypto
 2. Valuable physical product
 3. Dynamic NFTs
 - With evolving utility as time goes
 - Will return greater rewards and utility such as staking multiplier
 - Higher daily cap
 - Lower defi function fees and many more
 - NFT needs to be fed \$ONLINE to prevent decay

TOKEN UTILITY

4. **Users that stake \$ONLINE tokens will earn the right to voting power within our DAO system**
5. **\$ONLINE will be used to access premium account**
6. **Staking \$ONLINE will earn users tickets to participate in various ONLINE events and features such as playing in mini-games with your friends.**
7. **ONLINE apps will use \$WONLINE as a in-app currency that can later be converted to \$ONLINE via ONLINE web wallet.**

Note : 1 \$ONLINE = 1.000.000.000 \$WONLINE

\$ONLINE DYNAMIC DISTRIBUTION

We have a dynamic reward system which will adjust reward distribution based on the amount of active users currently earning at said time.

Simple example :

Rewards pool = 100

Scenario 1 : Current active player Bobby

Bobby gets 100

Scenario 2 : Current active player Bobby and Jimmy

Bobby gets 50 , Jimmy gets 50

Scenario 3 : Current active player Bobby, Jimmy and Tommy

Bobby gets 33.33 , Jimmy gets 33.33 , Tommy gets 33.33
